

## International Collaboration on Advanced Neutron Sources

March 4 to 9, 2012  
Bariloche-Argentina

### Author Guidelines

- We thank the authors to follow this guidelines to help us in the preparation of the conference resume.
- The articles must be prepared either using Latex (preferred) or Word.
- The articles must be typeset on A4 paper.
- The recommended length for the paper is 6 pages.
- Templates and style files are provided (please, download the corresponding zip file).
- The style follows closely Journal of Physics Conference Series.
- The guidelines in the templates show how to prepare articles for ICANS XX so they can be quickly and accurately included in the conference resume.
- The authors must produce the final PDF version of the article.
- PDF's will be published with no editing, proofreading or changes to layout. It is, therefore, the author's responsibility to ensure that the content and layout are correct.
- The PDF must be named with the ID abstract number, followed by an underscore character ( \_ ) and the first author name. (e.g. "360\_Dawidowski.pdf").
